Spring clean your credit with our credit rebuilding ebook and book giveaway.

Hi ,

Spring is a great time to clean up your credit report! Download our free *credit rebuilding ebook* and enter our *book giveaway!*

Reviewing your credit report at least once a year is part of a healthy financial routine. What you should be on the lookout for is errors or out-of-date information.

Here are 4 reasons why you should make this an annual exercise:

1. Inaccurate information may mean that you are declined for credit or offered a higher interest rate.
2. Identity theft is becoming more prevalent. Monitoring your report can help you identify if someone has fraudulently obtained credit in your name.
3. Many employers require a credit check as part of the hiring process. Knowing what is there ahead of time, and correcting errors, can be important in securing a job.
4. Creditors and collection agencies may update one credit report, but not all. It is important to verify that your information is correct with both Trans Union and Equifax.

For information on where to get a copy of your credit report read Ian Martin's [full blog post](#).
